Walking Memories
sound you can walk inside
Sound art incorporating oral histories of Frome. Created by Phill Phelps and Ralph Hoyte of Satsymph LLP.

How to listen
1. On your phone, download ‘SatsymphQR’ from Google Play or the Apple AppStore.
2. Use the app to scan the QR (below)
3. From the app library, select ‘FROME’
4. Put your headphones on, walk and enjoy the sounds! Do take care and watch where you’re going!

Sound will only play in specific ‘soundpools’ as marked on the map (in blue). You can see these soundpools on your phone, too. Walk towards them and see – well, listen to – what happens when you find one.

The sound is interactive; it changes as you move. Be experimental! You could, for example turn around on the spot / step from side to side / wiggle and jiggle / just stand or sit still

Be aware of your surroundings as you walk and listen, and watch out for traffic!

Acknowledgements
This work is part of the LISTEN season of sound art, hosted by Black Swan Arts, Frome, and contains recordings made by Home In Frome for Working Memories
